BIENVENIDO

Ghetto Paper proposes a whole series of ghettoblasters to print and to set up yourself. This project joins together a multitude of artists who for the majority reflect the instantaneous freshness of a breath of spring. It is neither a contest, nor a commercial project, simply an idea

The City- its a place of unconventional beauty. Somewhere where you can appreciate the smaller subtle things, amongst the vastness of the concrete surroundings. Somewhere where spotting a beautiful girl or finding a single rose can change your perspective of the landscape. Somewhere where real beauty grows from a different kind of dirt.
